SNACKS

All snacks must be nut free

Welcome to the new teaching assistants:

Mrs. Shelly Laks
Mrs. Shlomit Zabari

Hot Lunch

Our Hot Lunch Program began last week. Please remember to post your menus in a prominent place at home and mark the days you ordered lunch for your children. A calendar was included with your order forms for this purpose.

Please note: It is not possible to rely on the school to provide lunch for your child(ren) on the days that you did not order from the Hot Lunch Program but forgot to send lunch from home. **We cannot sell lunches “on the spot”.** All orders are placed with the caterer in advance of at least one week- and we do not order extra meals.

Please remember that Mondays and Wednesdays are “meat days”, so children who bring their own lunch may bring meat lunches on those days. Remember to send pareve snacks on those days as well. Train your children not to share snacks in school.

NUT FREE SCHOOL

To protect the health of our allergic children, no nuts, nut products or traces of nuts will be allowed in the Early Childhood Program. All lunches, snacks and Shabbos treats must be nut free. If you send cupcakes or birthday cakes to school, please check with the bakery to make sure that they are nut free. Thank you for your help in ensuring a safe environment for all of our children.

WHAT’S YOUR NUMBER?

It is vital that the pre-school be current on all telephone numbers at home and at work. Also, please inform us if your cell phone number has changed.

Morning Meeting

A new curriculum focusing on the child's social growth has been introduced into the Pre-K and Kindergarten classrooms.

Based on the premise that how children learn is as important as what they learn, the children are introduced to specific social skills which they practice on a daily basis.

Each day, the teachers lead the children in a morning meeting that uses a consistent form for friendly greetings, sharing of news, having fun together and warming up for the day of learning ahead. The purpose of these activities is to increase social skills and academic engagement, establish a positive classroom climate, increase learning independence and decrease disruptive behaviors.

We look forward to much success with this program.
